full day program for Pre-K to 6th grade : s1ma, s2ma, s3ma, s4ma, s5ma

Course Description and Objectives: This is a series of fun and effective langue and culture related programs specially designed for preschoolers, school children, teens and adults.

Besides the innovative Chinese language program, CCLI offers the opportunity to learn ancient and modern Chinese poems. Students will be singing and acting out both modern and classic poems paired with complementary music. Calligraphy and Chinese brush painting will also be introduced by teaching students to use Chinese bamboo brushes and ink to write Chinese characters and paint animals, flowers and bamboo trees on special rice paper. You will be proud to display this frame-worthy artwork around your family and friends. Students will also use different kinds of vases to arrange flowers in both Western and Asian styles. The children will also learn how ancient and modern Chinese people plant and prepare tea. They will taste different kinds of tea from Taiwan and China as well as learn what health benefits each tea has. You will also be surprised and pleased to witness the creativity and talent your children have for singing and performing arts. The songs they learn have been known to stick with them, with tunes that linger long after classes are over.

What does learning Chinese mean in the Champion Chinese Program? We combine all aspects of the culture- singing, playing, writing, reading, watching movies, chi-gong exercises, acting, cooking, and eating- to design a course that is not only highly efficient, but fun!
